

Electra EM Trading Co. W.L.L.

شركة إلكتروا إي إم للتجارة ذ.م.م.

ABOUT US

Electra EM Trading Co. Established with more than 20 years of experience in electrical field within Qatar market. To be one of the leading suppliers for electrical products to the construction industry in Qatar.

Presenting premier manufacturers and having a partnership with leading companies in the market Electra EM Trading team is having a very long experience with Vendors, Construction Companies & End Users, keep go along with development and growth of the construction industry in the Oil & Gas, Energy, Industrial and Commercial Sectors, by providing excellent technical supports and best logistics solutions on time.

OUR PRODUCTS

EARTHING AND LIGHTNING PROTECTION SYSTEM

Available with complete solution of all type of Earth Rods, Accessories, fittings, Air Terminals & connections in addition to the required conductors, Exothermic Welding & More.

CABLE GLANDS AND CLEATS & CABLE LUGS AND TERMINALS

Available for Industrial & Hazardous Applications with all types and finishes. And including both Insulated and Non-insulated in addition to the terminals.

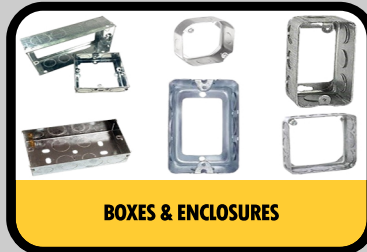

FLEXIBLE CONDUITS

Steel and Liquid Tight including with all required material finish in addition to the fittings & accessories.

STEEL CONDUIT SYSTEM

Including British Standard Class 4 complete solution, EMT Conduit System & Rigid Metal Conduit System as well.

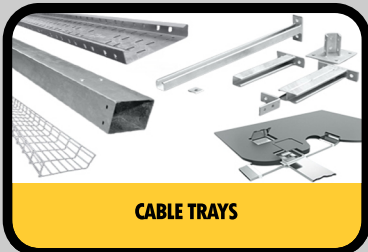

BOXES & ENCLOSURES

Back & Outlet Boxes, Fire Alarm Boxes & Adaptable Boxes as well.

CABLE TIES TAGS & EMBOSsing MACHINE

Available with all required material finish.

CABLE TRAYS

INDUSTRIAL SOCKETS , PLUGS, SWITCHED INTERLOCKED SOCKETS & ISOLATORS

CONTROL CABLES & UPS

EARTHING & LIGHTNING PROTECTION SYSTEM

Hermes was established with so many years of experience to meet the technical needs in lightning protection and grounding systems. Hermes has very wide production capacity in earthing and lightning protection materials. all items are manufactured in compliance with IEC EN 62305 and 62561 standards.

The main principle is to completely fulfil project-based customer requests in a timely manner with our wide production capacity and technical knowledge based on international standards.

STEEL CONDUIT SYSTEM

Products are manufactured to the highest quality according to the relevant standards mention.

Full ranges of British standard steel conduit, conduit fittings, accessories, flexible conduit, Adaptable boxes & switches boxes.

Products manufactured in accordance with British Standards BS 31 / BS 4568 / BS EN 61386-21 & BS EN 50086-21 Where Applicable.

in addition to the above Rigid Steel Conduit system & EMT conduit system are available in compliance to the related standards.

CABLE GLADS & CLEATS

A wide range of Cable Management Systems, including Cable Glands, Cable Cleats and Ties. These equipment are typically made from metal, plastic, or other durable materials and can be mounted on walls, floors, or ceilings.

CABLE GLAD

CABLE CLEATS

CABLE LUGS & TERMINALS

Copper Cable Lugs serve as an optimal solution for large gauge applications that require significant power transfer or grounding. These lugs enable the connection of a wire through either crimping or soldering techniques, contingent on the specific lug type. One extremity of the copper lug facilitates cable connection via soldering, welding, or crimping, while the opposite end is fastened to an appropriate termination or connection point using a bolt, screw, or spring clip.

CABLE TIES

Yesha Electricals Pvt. Ltd., established in 1962, manufactures power capacitors and Stainless Steel Cable Ties. It collaborates with industry leaders and exports worldwide, with an extensive distribution network in India.

CIM - CARD PRINTERS

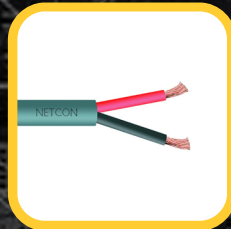

Founded in the mid-1980s, CIM remains the leading provider of card personalization solutions and metal tag systems in the international market. Combining excellence in business card customization and cost-effective solutions, CIM has set new standards in the production of card printers and central and rapid solutions with strong and reliable partnerships at local and international levels, including its office in Miami in the United States.

UPS & CONTROL CABLE

NETCON is a fore running enterprise engaged in manufacturing Copper & Fibre Cables, to augment the functional needs of diverse industrial domains. The organization with high visibility presence across South India leverages cutting edge infrastructure, skilled expertise and rich experience to make world class Instrumentation Control Signals and Networks Cables. NETCON relies on a set of stringent quality circles to produce next-gen products which adhere to Bureau of Indian Standards. Emphasis on sustained R&D efforts, quality consciousness and deploying industry best practices enable the company to showcase a wide range of affordable products pertaining to Networking and continuum.

NETCON strives to be recognised by customers as the preferred partner for networking solutions and achieve this recognition by being committed to meeting customers' expectations for value, responsiveness and quality.

CABLE TRAYS

ICMS was established in 2006 and has experienced exponential growth, with the company earning a reputation with expressive track record of projects. ICMS is an ISO certified company, and procedures are UL certified with products suitable for passenger rail systems as ICMS cable trays support are certified to the "NFPA 130 2007", and able to withstand 500 Degree for 1 hour.

Having the expertise with more than fifteen years in the field of manufacturing and sales of the cable management system in gulf region, funded us the strength of producing competitive products with out compromising quality.

INDUSTRIAL SOCKETS, PLUGS, SWITCHED INTERLOCKED SOCKETS & ISOLATORS

SCAME PARRE S.p.A., head of the SCAME group, is a manufacturer of components and systems for electrical installations in the civil, services and industrial sector, born and raised in the mountains of the upper Val Seriana, in the Province of Bergamo, Northern Italy.

Since 1963, the year of its foundation, in more than half a century of activity, SCAME has never betrayed the spirit of the origins made of attention to the environment and the person, as well as continuous research to provide an innovation that is never an end in itself, but which translates into total quality and real benefits for the user.
